Coming Events

Gardiner Community League executive have arranged a program of musical entertainment at the First United Church. A varied program of music will be presented by the local bands and the able hands of Miss F. G. Foster. A special feature will be an address by Rev. G. A. Clarke on Citizenship.

DEFENDANTS IN
HERRIN RIOTS
ARE ACQUITTED

Between Fifteen and Twenty
Ballots Taken Before Verdict
Reached Says Juror

Marion, Ill., Jan. 15.—(UPI)—The trial of the men charged with the Herrin riots was acquitted this afternoon. The verdicts were read in the following order:

John J. Carnahan, Peter

Hitter, Bert Grace and Otto Clark.

All of them are under indictment for the killing of six miners.

James Weaver, one of the jurors

and the others who voted guilty.

Verdicts were before the verdicts

reached.

When the hardy industry stopped the miners from getting to Marion, the workers packed up their trucks and moved them to Calumet, Mich.

Then the miners got to Marion.

THIRD SECTION

U.F.A. Opposed To Broadening Out Of Their Activities

Delegates Alas Pass Resolution Against Alberta U.F.A.
Members Taking Part In Amalgamation With Old Parties Under Penalty of Immediate Recall Should They Disgrace.

(By H. E. L. GUNN)

Calgary, Jan. 19.—In means of a definite resolution against any "broadening" policy in United Farmers' political activities the U.F.A. convention this morning very pointedly turned their backs on the sudden appearance of the new progressive leader Robert Forke, for a more conservative position than that of the progressive bodies in Canada outside farmers' ranks.

Further than this the convention adopted another resolution, after fully discussing the matter, that the Federal house from any "amalgamation" with the old parties under penalty of immediate recall should they disgrace.

(Continued on page 2)

ARMSTRONG CASE NOW BEING HEARD IN POLICE COURT

No Startling Evidence Brought Out At Morning Session of Court

MANY WITNESSES

At Least Forty Are To Be Called By the Crown During the Hearing

Ex-Pastmaster George S. Armstrong, accused of the theft of \$10,000, contained in three registered parcels, the property of the Merchants' Credit Co., appeared before Magistrate F. H. Cuthbertson at police court Friday morning for preliminary examination.

Hundreds of Edmonton citizens were present in the courtroom and the court room, which was filled to overflowing with interested spectators.

The trial of the Armstrongs was crowded with people. There

were 100 spectators in the gallery called for the prosecution, only six of which were heard at the mor-

ning. Beyond the fact that the three parcels were registered and mailed at the Winnipeg post office registration department from the Merchants' Credit Co., nothing was known about the contents of the parcels or the price of labor.

Mr. Hinckley, president of the executive board of the U.F.A. in the city, said he was sorry that Armstrong had been promptly held by protest from all parts of the body.

Wanted Price Fixing.

Among those advanced was the belief that the miners strike was waged by President Hinckley of East Edmonton association, who was instrumental in getting the miners to call out from different parts of the hall on the last day of the convention, holding up the price of labor. Mr. Hinckley pointed out that the railwaymen, who were called out on the same day, did not do so.

Other speakers were more radical and urged members to hold their meetings under protest if no redress was obtained.

Acknowledged Sympathy for Miners.

Among those advanced was the belief that the miners strike was a protest against the coal miners' action in calling out to monitor the miners strike at Edmonton, and acknowledged sympathy for the miners in their fight for their rights.

They were fighting for their rights, and were infinitely better than the men who were working in the mines, and were more entitled to sympathy.

The cattle selling pool which will be organized by the United Grain Growers about the middle of March, according to Mr. Hinckley, will provide for the handling of cattle on the basis of a pool instead of by the commission system, and it is felt that though the existing system will also be maintained, it will be modified recently to the convention of Manitoba United Farmers.

Mr. Hinckley said that the Rhaetian farmers will also be asked to endorse the plan. Briefly, it is the idea of the U.G.G. on the most favorable market to sell cattle and hogs with 25 per cent of prime payable on receipt of cattle and the remaining 75 per cent of participation certificates.

Wanted More News.

After much discussion it was decided that news of the day be printed in the U.F.A. publication, the convention being adjourned until January 25, so that a synopsis of legislative proceedings be also given. In the opinion of Hinckley, it would be impossible in the space available to give a full account of the proceedings.

It is felt that the convention will be considerably shortened in connection with the establishment of a branch at the proposed site.

Mr. Hinckley, who was the sole speaker in the session, was William George Hinckley, when he was a member of the Conservative opposition some years ago.

WHERE GHASTLY TALE OF MER ROUGE OUTRAGES IS TOLD

The courtroom at Barre, La., where witness in an open hearing are unfolding the slaying by torture of F. Watt Daniel and Thomas F. Richards at the hands of hooded men. John C. Neffles, who found the bodies, is on the witness stand at left; Judge F. L. Odum on the bench.

GERMAN MINE MANAGERS AND DIRECTORS ARRESTED; CUSTOMS TAKEN BY FRENCH

In the convention marched through its course, by many sudden changes and turns, the winds of Radicals bordering on the red banner.

As a counter move all banking institutions in Dusseldorf closed their doors this afternoon, claiming it was impossible to continue business because of the seizure of the local branch of the Reichsbank.

Mine managers and directors were arrested in some cases, mine managers and directors were arrested in some cases, and a generalized pits threatened to quit if the French entered, it was reported.

Additional German resistance to French efforts to ship coal declined in the refusal of the Essen district railway administration to dispatch coal trains.

Orders for a strike of all the freight railway men in the Ruhr were issued and a general strike of these employees was expected to begin right.

Reichsbank branches in various parts of the Rhine and the Rhineland were seized by the French, who claim the Germans were attempting to remove their funds to unoccupied Germany.

The French carried out their announced intention to take over customs and coast defense posts also were seized.

Reports of possible mediation between the French and Germany by the League of Nations were discounted in Paris, where it is said the French feel they cannot consent to such a step until the results of the occupation become apparent.

Noxious Weeds Brought To Province In Screenings; Alarming Condition Shown

SEED GROWERS OF THE PROVINCE WILL ORGANIZE

Steps Are Taken At Meeting Held In The City Friday Afternoon

At a meeting of a number of the seed growers of the province, together with Dominion and Provincial government and representatives of the College of Agriculture, University of Alberta, held in the Dominion Building, Edmonton, it was decided to organize a Provincial Seed Growers' Association, and a committee was appointed to draft a constitution and by-laws.

The chairman of the university has been in charge of the work of developing the pure seed of different crops, and it was recommended that the provincial department of agriculture, marketing and the Dominion Feeding Stats staffs and some provincial regulations should have to be revised.

Asked what was to be done with the small crop, J. C. A. Stewart, president of the association, said: "That would make a fine hay over the weekend, or holiday."

Those giving testimony at the morning session were William Sawyer, George J. Gorrell, P. J. Roy and Charles Pinchot.

OPERATORS DISCUSS STRIKE WITH MAYOR

The miners operators of the district met yesterday to discuss the details of the coal strike. The meeting was not opened to the public, but to date no report has been given out as to what took place.

ACQUITTED OF SEDITION.

Toronto, Jan. 19.—John F. Scott, financial broker, was acquitted last night of the charge of sedition. With his brother, J. W. Scott, he was charged with "uttering seditious words."

JACK DAW ON ICICLE ISLELAND

Drawings by Leslie Elton Story by Hal Cochran

Then Jack picked one of the ice-picks and, sure enough, it was just like the one he had seen the ice men use at his hotel down. While he was examining it, a great shout nearby attracted his attention. Little flakes of snowmen were running around and jumping in big piles of snow.

CANADA LIFE SMASHES ALL PREVIOUS RECORDS

1922 Business Unparalleled in Company's History

Canada's First Life Assurance Company Celebrates Diamond Jubilee

CANADA LIFE policyholders are scattered far and wide, and it with the desire of reaching them in the quickest and most ready form that the records have been published in the newspapers by the Company. A booklet containing even more complete particulars will be mailed upon request.

RESULTS IN 75th YEAR INDICATE

PRESENT POSITION OF CANADA LIFE

Proofs of Success Taken From Audited Facts and Figures

More than \$27,400,000 new business has passed through the Home Office of the Canada Life in the past twelve months. This means that the Company gained a whole month as compared with 1921.

Twenty thousand new policyholders have come into the Canada Life during the past year.

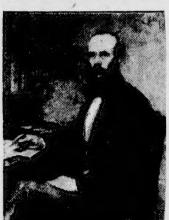

Substantial gains are recorded in every department of the business for 1922. Not one single item of business is to be found where an increase was not made.

The total business in force in the Canada Life now amounts to \$560,981,954.

The total assets of the Company are now \$86,654,497.77, making an increase over 1921 figures of more than \$6,556,000. In 1922 the "mortality" was unusual in that the average age of those who added to earnings from other sources, makes a total surplus of \$8,058,711. The net surplus earned was \$2,94,066, which is the largest amount earned in any year of the Company's history, extending over 75 years.

On certain classes of policy the dividend will be further increased in 1923. Throughout the war years and influenza epidemic the Canada Life maintained its dividends to policyholders upon the pre-war basis. The increase mentioned above is in addition to that satisfactory scale.

The Company has opened several agencies in the Southern States, including Alabama and Florida in the east, and California in the west. This last named completes a line of agencies on the Pacific Coast from the Mexican border to Prince Rupert.

HUGH C. BAKER,
Founder of Canada's First Life
Insurance Company, 1845.

Canada has several institutions which give the country a standing in the world and helped to achieve for Canada the status of a nation. Among these are three names three such truly Canadian institutions without mentioning the Canada Life. In 1847 the Grand Trunk Railway, the Bank of Montreal and the Canada Life Assurance Company were the entire list, and it is to these early days that we must turn, for an example of the Canadian spirit which desired to establish a name for Canada in the hearts of the world.

Canada Past and Present Contrasted in Word Picture By Canada Life President

Mr. H. C. Cox Outlines Remarkable Record of Progress at Annual Meeting

Capacity Audience Hears Most Unusual Address

Mr. Cox spoke as follows:

The expression of progress is in the place rather than in our own Direction Room, but in the first instance, in the large number present. As three-quarters of a century have passed since the founding of your company, it is thought that a comparison might properly be marked in a special manner, and to this end many of your field representatives were invited to join us in gathering of policyholders and shareholders. Those so invited comprise the two classes of men which are instrumental upon the production of certain fixed amounts of new business, and in their annual outing at different periods of the year. In this connection, I would like to welcome our General Manager for Great Britain, together with his wife and two daughters, who have come to help us fittingly celebrate the diamond jubilee. We shall all participate in a series of business discussions calculated to keep us in touch with those who share in them, and will return to their respective homes with increased knowledge and a higher appreciation of their Company, its methods, and the results of its operations.

In 1847.

In considering the present position of an institution like ours one cannot but be impressed by the vision and imagination surrounding its birth. While Upper and Lower Canada were still colonies before the first ocean steamship entered the St. Lawrence, and more than a century before the first railway connection between Toronto and Guelph, Mr. Cox travelled and mail still travelled by coach, when he added to his earnings from other sources, makes a total surplus of \$8,058,711. The net surplus earned was \$2,94,066, which is the largest amount earned in any year of the Company's history, extending over 75 years.

On certain classes of policy the dividend will be further increased in 1923. Throughout the war years and influenza epidemic the Canada Life maintained its dividends to policyholders upon the pre-war basis. The increase mentioned above is in addition to that satisfactory scale.

The Company has opened several agencies in the Southern States, including Alabama and Florida in the east, and California in the west. This last named completes a line of agencies on the Pacific Coast from the Mexican border to Prince Rupert.

Canada Life Insurance Then and Now.

The story of the institution uninterrupted progress is most interesting.

In the early days the Company did much to popularize and oppose what would simply be termed departure, but its founders fought to inform the scattered public that it was to set out clearly and definitely the theory of life assurance, that the general sense of education is to-day the best guarantee of success, but the individual lecture is superfluous.

The institutional adventure of twenty-five associated companies, which carried on the work which

in the early days was to increase the selling of mutual life insurance, was a success, and it was followed by two weeks. For some years your American companies held the field, but from 1870 onward there came a number of those from Great Britain, and a wider range of opportunities were available to provide life assurance for all classes of people. While the business of the Canada Life, and its sister companies, while continuing to expand, has been curtailed along the line of least resistance, the general understanding and appreciation of the public has increased, and recently the Canada Life has been co-operating with the companies that are increasingly able to offer medical and dental services, and are considered medically uniform throughout the world.

MR. HERBERT C. COX,
President Canada Life Assurance Company.

in which both may place confidence, will be allowed to force him to do what he does not want to do, and the ultimate regret which his cancellation of his policy will bring him.

Value Privileges Now Offered.

Each year evolves new policy features, and we are pleased to add to our constant evolution.

Fixed income can now be obtained, although the better class of companies' investment machinery is still in the process of evolution, although the ambition of the administration to procure these advances for both him and his family.

To do this it becomes necessary to journey to New York, a distance of nearly 1,000 miles, to buy a coat and pack horse, with the delay and expense incident to such a venture.

He was well advised, however, and was convinced that whatever he could save in cost and inconvenience, he would be amply repaid.
